

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

This form summarizes the requirements in Order No. 01-182. Each Permittee must complete this form in its entirety, except for those requirements applicable only to the Principal Permittee. Only report activities that were performed during the previous fiscal year. Upon completion, this form shall be submitted to the Principal Permittee, by the date specified by the Principal Permittee, for inclusion in the unified Annual Storm Water Program Report. Attachments should be included where necessary to provide sufficient information on program implementation.

The goals of this Report are to: 1) concisely document implementation of the Storm Water Quality Management Program (SQMP) during the past fiscal year; 2) evaluate program results for continuous improvement; 3) to determine compliance with Order 01-182; and 4) to share this information with other Permittees, municipal decision makers, and the public.

!	YOU MUST FILL OUT ALL THE INFORMATION REQUESTED <i>Do not leave any of the sections blank.</i>
N/A	If the question does not apply to your municipality, please indicate N/A in the space provided and provide a brief explanation
U	If the information requested is currently unavailable, please indicate U in the space provided and give a brief explanation.

This Report Form consists of the following sections:

SECTION	PAGE
I. Program Management	2-4
II. Receiving Water Limitations	5
III. SQMP Implementation	5-7
IV. Special Provisions	8
IV.A. Public Information and Participation Program	8-14
IV.B. Industrial/Commercial Facilities Program	15-17
IV.C. Development Planning Program	18-21
IV.D. Development Construction Program	22-23
IV.E. Public Agency Activities Program	24-33
IV.F. IC/ID Elimination Program	34-37
V. Monitoring	38

Reporting Year 2010-2011

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

I. Program Management

A. Permittee Name: City of La Mirada

A. Permittee Program Supervisor: Steve Forster

Title: Director of Public Works

Address: 13700 La Mirada Blvd

City: La Mirada

Zip Code: 90638

Phone: 562-943-0131

Fax: 714-522-0251

A. In the space below, briefly describe how the storm water program is coordinated within your agency's departments and divisions. Include a description of any problems with coordination between departments. To facilitate this, complete the Table 1.

The City of La Mirada's Department of Public Works has been charged with managing all environmental programs, which includes the City's storm water program. The Director of Public Works, through delegation to the Administrative Analyst II, coordinates this program. The Administrative Analyst II works with staff in other departments to ensure permit compliance in areas that affect their work. The City also contracts with the County of Los Angeles to provide many services such as inspections, plan checks, catch basin clean outs, and stenciling. Enforcement is done by either the City Public Safety department, the County of Los Angeles Sheriff's, or by County of Los Angeles Inspectors. There have been no problems in coordination or communication between the various departments.

TABLE 1 - Program Management

Storm Water Management Activity	Division/Department	# of Individuals Responsible for Implementing
1. Outreach & Education		1
2. Industrial/Commercial Inspections		2
3. Construction Permits/Inspections		3
4. IC/ID Inspections		4
5. Street sweeping		1
6. Catch Basin Cleaning		2
7. Spill Response		4
8. Development Planning (project/SUSMP review and approval)		4

staff name, department, type of training, and date of training.

E. Budget Summary

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

1. Does your municipality have a storm water utility? Yes No X

If no, describe the funding source(s) used to implement the requirements of Order No. 01-182.

The City uses general funds.

2. Are the existing financial resources sufficient to accomplish all required activities? Yes X No

2. Complete Table 2 to the extent that accurate information is available (indicate U in the spaces where the information is unavailable), and report any supplemental dedicated budgets for the same categories on the lines below the table.

4. List any additional state/federally funded projects related to storm water.

California Used Oil Block Grant

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

TABLE 2

Program Element	Expenditures in Previous Fiscal Year	Estimated Amount Needed to implement Order 01-182
1. Program management a. Administrative costs b. Capital costs	\$84609.00	
1. Public Information and Participation a. Public Outreach/Education b. Employee Training c. Corporate Outreach d. Business Assistance	\$11392.00	
3. Industrial/Commercial inspection/ site visit activities	\$2386.50	
4. Development Planning	\$72965.00	
5. Development Construction a. Construction inspections	\$200000.00	
6. Public Agency Activities a. Maintenance of structural and treatment control BMPs b. Municipal street sweeping c. Catch basin cleaning d. Trash collection/recycling e. Capital costs f. Other	\$657268.50	
7. IC/ID Program a. Operations and Maintenance b. Capitol Costs	\$80000.00	
8. Monitoring	\$2974.00	
9. Other		
10. TOTAL	\$1111595.00	

List any supplemental dedicated budgets for the above categories:

The City of La Mirada contracts with Los Angeles County to provide the following services: Plan check, construction inspections, building permitting, industrial site inspections, sewer maintenance, catch basin clean outs and stenciling, restaurant inspections, and public outreach. The City also contracts with private companies to provide street sweeping, trash collection and water services.

List any activities that have been contracted out to consultants/other agencies:

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

- | | | | |
|----|--|-------|----|
| A. | Has your agency implemented the SQMP and any additional controls necessary to reduce the discharges of pollutants in storm water to the maximum extent practicable? | Yes X | No |
| A. | If your agency has implemented additional or different controls than described in the countywide SQMP, has your agency developed a local SQMP that reflects the conditions in its jurisdiction and specifies activities being implemented under the appropriate elements described in the countywide SQMP? | Yes | No |
| A. | Describe the status of developing a local SQMP in the box below. | | |

- A. If applicable, describe an additional BMP, in addition to those in the countywide SQMP, that your city has implemented to reduce pollutants in storm water to the maximum extent practicable.

The City installed several catch basins inserts at multiple locations.

- A. Watershed Management Committees (WMCs)
1. Which WMC are you in? San Gabriel River Watershed
 1. Who is your designated representative to the WMC? Marlin Munoz
 1. How many WMC meetings did you participate in last year? 5
 1. Describe specific improvements to your storm water management program as a result of WMC meetings.

Although no specific improvements have been made due to the WMC meetings, the City has been able to discuss issues related to the program and exchange valuable ideas.

1. Attach any comments or suggestions regarding your WMC.

- A. Storm Water Ordinance

1. Have you adopted a storm water and urban runoff ordinance to enforce all requirements of Order 01-182? Yes X No
- If not, describe the status of adopting such an ordinance.

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

--

1. If yes, have you already submitted a copy of the ordinance to the Regional Board? Yes ☒ No ☐
If not, please attach a copy to this Report.
1. Were any amendments made to your storm water ordinance during the last fiscal year? Yes ☐ No ☒
If yes, attach a copy of amendments to this Report.

A. Discharge Prohibitions

1. List any non-storm water discharges you feel should be further regulated:

--

1. List any non-storm water discharges you feel should be exempt, and provide an explanation for each:

--

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

II. Special Provisions (Part 4)

A. Public Information and Participation (Part 4.B)

In addition to answering the following questions, attach a summary of all storm water education activities that your agency conducted or participated in last year.

1. No Dumping Message

a) How many storm drain inlets does your agency own? 174

a) How many storm drain inlets were marked with a no dumping message in the last fiscal year? 677

a) What is the total number of storm drain inlets that are legibly marked with a no dumping message? 677
 If this number is less than the number in question 1.b, describe why all inlets have not been marked, the process used to implement this requirement, and the expected completion date.

a) How many public access points to creeks, channels, and other water bodies within your jurisdiction have been posted with no dumping signage in the past year? 0
 Describe your agency's status of implementing this requirement by the date required in Order No. 01-182.

All City owned public access points have been posted with no dumping signs. All County owned sites were posted by the County and replaced when needed

1. Reporting Hotline

a) Has your agency established its own hotline for reporting and for general storm water management information? Yes X No

a) If so, what is the number? 562-902-2385

a) Is this information listed in the government pages of the telephone book? Yes X No

a) If no, is your agency coordinated with the countywide hotline? Yes No

a) Do you keep record of the number of calls received and how they were responded to? Yes X No

a) How many calls were received in the last fiscal year? 4

a) Describe the process used to respond to hotline calls.

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

Calls are taken by the City's Public Works Department. Once a call is received the appropriate City staff member is sent to investigate the call. If clean up is required it will be done by the responsible party, City staff, or another agency depending on severity. Public Safety will then determine if a citation is warranted.

- a) Have you provided the Principal Permittee with your current reporting contact information? Yes ☒ No
- a) Have you compiled a list of the general public reporting contacts for all Permittees and posted it on the www.888CleanLA.com web site (Principal Permittee only)? Yes No
- If not, when is this scheduled to occur?

1. Outreach and Education

- a) Describe the strategy developed to provide outreach and bilingual materials to target ethnic communities. Include an explanation of why each community was chosen as a target, how program effectiveness will be determined, and status of implementation. (Principal Permittee only)

- a) Did the Principal Permittee organize quarterly Public Outreach Strategy meetings that you were aware of? Yes ☒ No
- How many Public Outreach Strategy meetings did your agency participate in last year? 4
- Explain why your agency did not attend any or all of the organized meetings.

Identify specific improvements to your storm water education program as a result of these meetings:

The County has always been very helpful whenever the City of La Mirada has a local public outreach event. They have always supplied the City with promotional materials and ideas. Recently the County worked with our City and three other cities to provide a restaurant and gas station inspection seminar for our businesses.

List suggestions to increase the usefulness of quarterly meetings:

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

If quarterly Public Outreach Strategy meetings were not organized, explain why not and when this requirement will be implemented (*Principal Permittee only*).

- a) Approximately how many impressions were made last year on the general public about storm water quality via print, local TV, local radio, or other media? 16,244 Homes
- a) Describe efforts your agency made to educate local schools on storm water pollution.

The City of La Mirada works with the County to assist their Environmental Defenders Program. In addition the City distributes materials and information when requested by the schools. The City's Public Safety department runs an after school program at local parks and will distribute materials there. The City's Public Works Department gave two lectures to the La Mirada High School.

- a) Did you provide all schools within each school district in Los Angeles County with materials necessary to educate a minimum of 50 percent of all school children (K-12) every 2 years on storm water pollution (*Principal Permittee only*)? Yes No
If not, explain why.

- a) Describe the strategy developed to measure the effectiveness of in-school educational programs, including assessing students' knowledge of storm water pollution problems and solutions before and after educational efforts (*Principal Permittee only*).

For Permit Years 2-5, attach an assessment of the effectiveness of in-school storm water education programs.

- a) What is the behavioral change target that was developed based on sociological data and other studies (*Principal Permittee only*)?

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

If no target has been developed, explain why and describe the status of developing a target.

What is the status of meeting the target by the end of Year 5?

1. Pollutant-Specific Outreach

- a) Attach a description of each watershed-specific outreach program that your agency developed (*Principal Permittee only*). All pollutants listed in Table 1 (Section B.1.d.) must be included.
- a) Did your agency cooperate with the Principal Permittee to develop specific outreach programs to target pollutants in your area? Yes ☒ No ☐
- a) Did your agency help distribute pollutant-specific materials in your city? Yes ☒ No ☐
- a) Describe how your agency has made outreach material available to the general public, schools, community groups, contractors and developers, etc...

The City of La Mirada has several brochures available at its City Hall building and its Public Works facility. The Building Department has specific materials aimed towards contractors and developers. The City also held local events throughout the year and distributed materials at these.

1. Businesses Program

- a) Briefly describe the Corporate Outreach Program that has been developed to target gas stations and restaurant chains (*Principal Permittee only*).

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

- a) How many corporate managers did your agency (*Principal Permittee only*) reach last year?
- a) What is the total number of corporations to be reached through this program (*Principal Permittee only*)?
- a) Is your agency meeting the requirement of reaching all gas station and restaurant corporations once every two years (*Principal Permittee only*)? Yes No
If not, describe measures that will be taken to fully implement this requirement.

- a) Has your agency developed and/or implemented a Business Assistance Program? Yes No X
If so, briefly describe your agency's program, including the number of businesses assisted, the type of assistance, and an assessment of the program's effectiveness.

1. Did you encourage local radio stations and newspapers to use public service announcements? Yes X No
How many media outlets were contacted?
Which newspapers or radio stations ran them?

Who was the audience?

1. Did you supplement the County's media purchase by funding additional media buys? Yes X No
Estimated dollar value/in-kind contribution: \$9392
Type of media purchased: Print
Frequency of the buys: Once a Month
Did another agency help with the purchase? Yes No X
1. Did you work with local business, the County, or other Permittees to place non-traditional advertising? Yes X No

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

If so, describe the type of advertising.

The City used County storm water ads and placed them on its local transit buses.

1. Did you establish local community partnerships to distribute educational storm water pollution prevention material? Yes X No
Describe the materials that were distributed:

Brochures to recycle used motor oil. Brochures to recycle. Household hazardous waste roundup flyers.

Who were the key partners? Trash Company

Who was the audience (businesses, schools, etc.)?

General public and people who change their own motor oil

1. Did you participate in or publicize workshops or community events to discuss storm water pollution? Yes X No
How many events did you attend? 2

1. Does your agency have a website that provides storm water pollution prevention information? Yes X No
If so, what is the address? www.cityoflamirada.org

1. Has awareness increased in your community regarding storm water pollution? Yes X No
Do you feel that behaviors have changed? Yes X No

Explain the basis for your answers. Include a description of any evaluation methods that are used to determine the effectiveness of your agency's outreach.

At City events, staff conducts an informal survey on environmental issues. Of those polled, 70% said they knew what stormwater pollution was. In addition, when talking to the general public they will mention stormwater pollution when prompted and say they heard about it either on the news or from the radio commercial.

1. How would you modify the storm water public education program to improve it on the City or County level?

Since much of the County's media campaign is also heard and read in Orange County, it may be a good idea to ask them to join our efforts and we could extend our air time.

6. You must also submit a quarterly electronic submittal of your Industrial/Commercial Facilities Program activities.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

B. Development Planning Program (Part 4.D)

1. Does your agency have a process to minimize impacts from storm water and urban runoff on the biological integrity of natural drainage systems and water bodies in accordance with requirements under CEQA, Section 404 of the CWA, local ordinances, and other legal authorities? Yes ☒ No ☐
 Attach examples showing how storm water quality impacts were addressed in environmental documents for projects over the past year.
1. Does your agency have procedures to include the following requirements in all priority development and redevelopment projects:
 - a) Maximize the percentage of permeable surfaces to allow more percolation of storm water into the ground? Yes ☒ No ☐
 - a) Minimize the quantity of storm water directed to impermeable surfaces and the MS4? Yes ☒ No ☐
 - a) Minimize pollution emanating from parking lots through the use of appropriate treatment control BMPs and good housekeeping practices? Yes ☒ No ☐
 - a) Provide for appropriate permanent measures to reduce storm water pollutant loads from the development site? Yes ☒ No ☐
1. List the types and numbers of BMPs that your agency required for priority projects to meet the requirements described above.

300 ft long vegetative swale, rip-rap energy dissipater, cover trash receptacle storage areas, and catch basin inserts.

1. Describe the status of the development or implementation of peak flow controls in Natural Drainage Systems.

There are no natural drainage systems located in the City.

1. Has your agency amended codes and/or ordinances to give legal effect to the SUSMP changes required in the Permit? Yes ☐ No ☐
1. Describe the process your agency uses to include SUSMP design standards in new development and redevelopment project approvals.

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

1. How many of each of the following projects did your agency review and condition to meet SUSMP requirements last year?
- | | |
|---|---|
| a) Residential | 0 |
| a) Commercial | 0 |
| a) Industrial | 0 |
| a) Automotive Service Facilities | 0 |
| a) Retail Gasoline Outlets | 0 |
| a) Restaurants | 0 |
| a) Parking Lots | 0 |
| a) Projects located in or directly adjacent to or discharging directly to an environmentally sensitive area | 0 |
| a) Total number of permits issued to priority projects | 0 |
1. What is the percentage of total development projects that were conditioned to meet SUSMP requirements? 0%
1. How has your agency prepared to reduce the SUSMP threshold for industrial/commercial facilities to 1 acre from 100,000 square feet in 2003?

The City contracts with Los Angeles County to review all plans and make sure they comply with SUSMP requirements.

1. After 2003, how many additional projects per year will require/did require implementation of SUSMP requirements as a result of the lower threshold? 1
1. Does your agency participate in an approved regional or sub-regional storm water mitigation program to substitute in part or wholly SUSMP requirements for new development? Yes X No
1. Has your agency modified its planning procedures for preparing and reviewing CEQA documents to consider potential storm water quality impacts and provide for appropriate mitigation? Yes X No

If no, provide an explanation and an expected date of completion.

1. Did your agency update any of the following General Plan elements in the past year?
- | | | |
|-------------|-----|------|
| a) Land Use | Yes | No X |
|-------------|-----|------|

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

- a) Housing Yes No X
 a) Conservation Yes No X
 a) Open Space Yes No X

If yes, please describe how watershed and storm water quality and quantity management considerations were included.

1. How many targeted staff were trained last year? 1
 1. How many targeted staff are trained annually? 1
 1. What percentage of total staff are trained annually? 100%
 1. Has your agency developed and made available development planning guidelines? Yes X No
 1. If no, what is the expected date that guidelines will be developed and available to developers?
 1. What is the status of completion of the technical manual for siting and design of BMPs for the development community?

The Technical Manual for Stormwater Best Management Practices in the County of Los Angeles was submitted to the Regional Water Quality Control Board on February 2, 2004

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

C. Development Construction Program

1. Describe your agency's program to control runoff from construction activity at all construction sites within its jurisdiction.

Contractors must submit their plans for review to the County Building Department. The developer must list the types of BMPs they will be using during the construction phase. County Inspectors then do regular site visits to make sure they are in compliance. If not then the contractor is issued a citation and ordered to comply.

1. Does your agency require the preparation, submittal, and implementation of a Local Storm Water Pollution Prevention Plan (Local SWPPP) prior to the issuance of a grading permit for all sites that meet one or all of the following criteria?

- | | | |
|---|-----|----|
| a) Will result in soil disturbance of one acre or greater | Yes | No |
| a) Is within, directly adjacent to, or is discharging directly to an environmentally sensitive area | Yes | No |
| a) Is located in a hillside area | Yes | No |

1. Attach one example of a local SWPPP

1. Describe the process your agency uses to require proof of filing a Notice of Intent for coverage under the State General Construction Activity Storm Water permit and a certification that a SWPPP has been prepared prior to issuing a grading permit?

The City of La Mirada contracts with Los Angeles County to check plans and then issue permits.

- | | |
|--|-----|
| 1. How many building/grading permits were issued to sites requiring Local SWPPPs last year? | 0 |
| 1. How many building/grading permits were issued to sites requiring coverage under the General Construction Activities Storm Water Permit last year? | 0 |
| 1. How many building/grading permits were issued to construction site less than one acre in size last year? | 116 |
| 1. How many construction sites were inspected during the last wet season? | 274 |
| 1. Complete the table below. | |

Type of Violation	# of Violations	% of Total Inspections	# of Follow-up Inspections	# of Enforcement Actions
Off-site discharge of sediment	3	100	3	0

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

Off-site discharge of other pollutants	0			
No or inadequate SWPPP	0			
Inadequate BMP/SWPPP implementation	0			

1. Describe the process for taking enforcement actions against construction site violations, including the types of actions that are taken.

Los Angeles County Building Inspectors conduct all site visits and when warranted will issue violation notices. If an Inspector is not available, City Public Works staff will inspect the site and if necessary have the City's Public Safety staff issue a citation for not complying with requirements.

1. Describe the system that your agency uses to track the issuance of grading permits.

The City contracts with Los Angeles County to issue, maintain, and track all permits.

D. Public Agency Activities (Part 4.F)

1. Sewage System Maintenance, Overflow, and Spill Prevention (only applicable to agencies that own and/or operate a sanitary sewer system)

- a) Has your agency developed and implemented a response plan for sanitary sewer overflows that includes the requirements in Order 01-182? Yes No
- a) How many sanitary sewer overflows occurred within your jurisdiction?
- a) How many did your agency respond to?
- a) Did your agency investigate all complaints received? Yes No
- a) How many complaints were received?
- a) Upon notification, did your agency immediately respond to overflows by containment? Yes No

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

- a) Did your agency notify appropriate sewer and public health agencies when a sewer overflowed to the MS4? Yes No
- a) Did your agency implement a program to prevent sewage spills or leaks from sewage facilities from entering the MS4? Yes No
If so, describe the program:

- a) Did your agency implement a program to identify, repair, and remediate sanitary sewer blockages, exfiltration, overflow, and wet weather overflows from sanitary sewers to the MS4? Yes No
If so, describe the program:

1. Public Construction Activities Management

- a) What percentage of public construction sites 5 acres or greater in size did your agency obtain coverage under the State of California General Construction Activities Storm Water Discharge Permit ? 1
- a) Give an explanation for any sites greater than 5 acres that were not covered:

- a) What is the total number of active public construction sites? 1
How many were 5 acres or greater in size? 1
- a) (After March, 2003) Did your agency obtain coverage under the State of California General Construction Activities Storm Water Discharge Permit coverage for public construction sites for sites one acre or greater? Yes X No

1. Vehicle Maintenance/Material Storage Facilities/Corporation Yards Management

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

- a) Did your agency implement pollution prevention plans for each public vehicle maintenance facility, material storage facility, and corporation yard? Yes ☒ No ☐

- a) Briefly describe how your agency implements the following, and any additional, BMPs to minimize pollutant discharges in storm water:
- (1) Good housekeeping practices
 - (2) Material storage control
 - (3) Vehicle leaks and spill control
 - (4) Illicit discharge control

1) Facility is inspected and cleaned weekly. Recycling and trash containers are placed throughout building. All bins have lids. Parking lot are swept at least one a month. 2) All liquid, powder, or loose materials are stored within buildings. 3) All vehicles are parked inside buildings. Spill kits are available at each garage facility. Any leaks detected are fixed and any spills are cleaned up immediately to prevent it from entering a catchbasin. 4) Staff conduct frequent inspections of facilities to ensure no discharges have occurred. If incident occurs staff have been trained to prevent it from entering storm drain system and to clean up immediately. In the previous year, catch basin inserts were installed in each opening along the street. Inserts are cleaned at least twice a year, and more if needed.

- a) Are all Permittee owned and/or operated vehicle/equipment wash areas self-contained, covered, equipped with a clarifier, and properly connected to the sanitary sewer? Yes ☐ No ☒
If not, what is the status of implementing this requirement?

The City does not own or operate a vehicle wash center. All vehicles are taken to a commercial car wash

- a) How many Permittee owned and/or operated vehicle/equipment wash areas are scheduled to be redeveloped to include the BMPs listed above?
1. Landscape and Recreational Facilities Management

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

- a) Has your agency developed a standardized protocol for the routine and non-routine application of pesticides, herbicides (including pre-emergents), and fertilizers? Yes ☒ No ☐

Briefly describe this protocol:

A certified applicator is the only employee allowed to apply pesticides and herbicides. All pesticides used are reported to the County of Los Angeles. Staff meets with County inspectors annually

- a) How does your agency ensure that there is no application of pesticides or fertilizers immediately before, during, or immediately after a rain event or when water is flowing off the area to be applied?

No chemicals are used when inclement weather is forecast.

- a) Are any banned pesticides, herbicides, fungicides, or rodenticides stored or applied in your agency's jurisdiction that you know of? Yes ☐ No ☒
- If so, list them:

- a) What percentage of your agency's staff that apply pesticides are certified by the California Department of Food and Agriculture, or are under the direct supervision of a certified pesticide applicator? 100%

- a) Describe procedures your agency has implemented to encourage retention and planting of native vegetation and to reduce water, fertilizer, and pesticide needs:

The City has a policy to consider the planting drought tolerant and native vegetation whenever landscape is modified.

1. Storm Drain Operation and Management

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

- a) Did your agency designate catch basin inlets within its jurisdiction as Priority A; Priority B; and Priority C? Yes X No

- a) How many of each designation exist in your jurisdiction?

Priority A: 0

Priority B: 40

Priority C: 134

- a) Is your city subject to a trash TMDL? Yes No X

- a) If yes, describe the activities and/or implementation measures that your agency conducted pursuant to the TMDL and any other trash reduction efforts that occurred.

- a) How many times were all Priority A basins cleaned last year? 3

- a) How many times were all Priority B basins cleaned last year? 3

- a) How many times were all Priority C basins cleaned last year? 3

- a) How much total waste was collected in tons from catch basin clean-outs last year?

- a) Attach a record of all catch basins in your jurisdiction. This shall identify each basin as City or County owned, and Priority A, B, or C. For all basins that are owned and operated by your agency, include dates that each was cleaned out over the past year.

- a) Did your agency place and maintain trash receptacles at all transit stops within its jurisdiction? Yes X No

- a) How many new trash receptacles were installed last year?

- a) Did your agency place special conditions for events that generated substantial quantities of trash and litter including provisions that:

- (1) Provide for the proper management of trash and litter generated from the event? Yes X No

- (1) Arrange for temporary screens to be placed on catch basins? Yes No X

- (1) Or for catch basins in that area to be cleaned out subsequent to the event and prior to any rain? Yes X No

- a) Did your agency inspect the legibility of the catch basin stencil or labels? Yes X No

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

What percentage of stencils were legible? 100%

- a) Were illegible stencils recorded and re-stenciled or re-labeled within 180 days of inspection? Yes X No

- a) Did your agency visually monitor Permittee-owned open channel storm drains and other drainage structures for debris at least annually and identify and prioritize problem areas of illicit discharge for regular inspection? Yes X No
- Is the prioritization attached? Yes No

- a) Did your agency review its maintenance activities to assure that appropriate storm water BMPs are being utilized to protect water quality? Yes X No
- What changes have been made?

No changes were made at this time.

- a) Did your agency remove trash and debris from open channel storm drains a minimum of once per year before the storm season? Yes X No
- a) How did your agency minimize the discharge of contaminants during MS4 maintenance and clean outs?

The City contracts with the County of Los Angeles to clean out all catch basins and the flood channel.

- a) Where is removed material disposed of?

1. Streets and Roads Maintenance

- a) Did your agency designate streets and/or street segments within its jurisdiction as one of the following:
- (1) Priority A – streets and/or street segments that are designated as consistently generating the highest volumes of trash and/or litter? Yes X No

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

- (1) Priority B - streets and/or street segments that are designated as consistently generating moderate volumes of trash and/or litter? Yes X No
- (1) Priority C – streets and/or street segments that are designated as generating low volumes of trash and/or litter? Yes No X
- a) Did your agency perform all street sweeping in compliance with the permit and according to the following schedule:
- (1) Priority A – These streets and/or street segments shall be swept at least two times per month? Yes X No
- (1) Priority B - Each Permittee shall ensure that each streets and/or street segments is cleaned at least once per month? Yes X No
- (1) Priority C – These streets and/or street segments shall be cleaned as necessary but in no case less than once per year? Yes No X
- a) Did your agency require that saw cutting wastes be recovered and disposed of properly and that in no case shall waste be left on a roadway or allowed to enter the storm drain? Yes X No
- a) Did your agency require that concrete and other street and road maintenance materials and wastes be managed to prevent pollutant discharges? Yes X No
- a) Did your agency require that the washout of concrete trucks and chutes only occur in designated areas and never into storm drains, open ditches, streets, or catch basins leading to the storm drain system? Yes X No
- a) Did your agency train its employees in targeted positions (whose interactions, jobs, and activities affect storm water quality) regarding the requirements of the storm water management program to:
- (1) Promote a clear understanding of the potential for maintenance activities to pollute storm water? Yes X No
- (1) Identify and select appropriate BMPs? Yes X No
1. Parking Facilities Management

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

- a) Did your agency ensure that Permittee-owned parking lots be kept clear of debris and excessive oil buildup and cleaned no less than 2 times per month and/or inspected no less than 2 times per month to determine if cleaning is necessary. Yes X No
- a) Were any Permittee-owned parking lots cleaned less than once a month? Yes No X
How many?
1. Public Industrial Activities Management
- a) Did your agency, for all municipal activity considered an industrial activity under USEPA Phase I storm water regulations, obtain separate coverage under the State of California General Industrial Activities Storm Water Discharge Permit no later than December 31, 2001? Yes No X
- a) Does your agency serve a population of less than 100,000 people? Yes X No
1. Emergency Procedures
- a) In case of real emergencies, did your agency repair essential public services and infrastructure in a manner to minimize environmental damage? Yes X No
- a) Were BMPs implemented to the extent that measures did not compromise public health and safety? Yes X No
1. Feasibility Study
- a) Did your agency cooperate with the County Sanitation Districts of Los Angeles County to prepare a study which investigates the possible diversion of dry weather flows or the use of alternative treatment control BMPs? Yes X No
- a) Did your agency review its individual prioritized list and create a watershed based priority list of drains for potential diversion and submit a listing of priority diversions to the Regional Board Executive Officer? Yes No X

Individual Annual Report Form
Attachment U-4**

A.

Illicit Connections and Illicit Discharges (IC/ID) Elimination Program (Part 4.G)

1. Attach a copy of your agency's IC/ID Elimination Implementation Program (Part 4.G.1.a.).
1. Attach a map of your storm drain system showing all permitted connections (if available), and the locations of all illicit connections and discharges that occurred last year (Part 4.G.1.b). If your agency has not completed this requirement, describe the status of the development of a baseline map, including an expected completion date.

The City does not yet have the capability to produce GIS maps of its storm drain system. Currently the City is working with the County to revise its catch basin map. There were no permitted or illicit connections to the storm drain system this fiscal year. A map of illicit discharges is attached.

1. Describe your enforcement procedures for eliminating illicit discharges and terminating illicit connections.

The City of La Mirada works closely with the County of Los Angeles to identify and eliminate any illicit connections. If any are discovered, the City will work with the County to either get the connection permitted or eliminated. Upon report of an illicit discharge, City staff is sent to investigate. Depending on the situation, the offender is either warned and told to clean site, or is cited and the City or County will clean site. The City of La Mirada does have the ability to prosecute violations through the City Prosecutors office.

1. Describe your record keeping system to document all illicit connections and discharges.

A database has been set up to record any reports of illicit discharges or illicit connections.

1. What is the total length of open channel that your agency owns and operates? 1 MILE
1. What length was screened last year for illicit connections? 1 MILE

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

1. What is the total length of closed storm drain that your agency owns and operates? 23,055 FT
1. What length was screened last year for illicit connections? 23,055 FT
1. Describe the method used to screen your storm drains.

The City of La Mirada contracted CNC Engineering to video inspect its underground storm drain system. The City also contracts with the County of Los Angeles to clean its catch basins and visual inspections are made at that time.

1. Provide the reporting data for illicit connections as suggested in the following table (you may submit a spreadsheet from your database that contains the information).

Year	Total # reported/ identified	Total # investigated	# that conveyed exempt discharges or NPDES permitted	# that conveyed illicit discharges that were terminated	# that were removed	# that resulted in enforcement action	# that resulted in <i>other</i> actions
1/2							
2/3							
3/4							
4/5							
5/6							
6/7							
7/8							
8/9							
9/10							

1. Explain any *other* actions that occurred in the last year.

1. What is the average time it takes your agency to initiate an illicit connection investigation after it is reported? SAME DAY
- a) Were all identified connections terminated within 180 days? Yes X No
- a) If not, explain why.

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

--

2. Provide the reporting data for illicit discharges as suggested in the following table (you may submit a spreadsheet from you database that contains this information).

Year	Total # reported	Total # that were discontinued/cleaned up voluntarily through enforcement and the source was identified	# that were cleaned up but the source could not be identified	# that resulted in no evidence of discharge	# that were determined to be conditionally exempt	# that were exempt or in compliance and the source identified	# that resulted in enforcement action
1/2	9	6	3	3	0	0	4
2/3	20	17	1	2	0	0	14
3/4	31	23	2	6	0	0	9
4/5	27	19	0	8	0	0	11
5/6	15	14	1	1	0	0	3
6/7	19	18	1	1	0	0	2
7/8							
8/9							
9/10							

1. What is the average response time after an illicit discharge is reported? 1 HOUR
- a) Did any response times exceed 72 hours? Yes No X
- a) If yes, explain why.

--

1. Describe the your agency's spill response procedures.

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

Incoming calls are directed to the City's Public Works department. Staff is then dispatched to investigate the site and Code Enforcement is informed of possible violation. A determination is then made on who is best capable of clean up, owner, Public Works, or another agency. If warranted, Code Enforcement will cite the responsible party.

1. What would you do differently to improve your agency's IC/ID Elimination Program?

At this time no improvements have been determined necessary. The County of Los Angeles has repeatedly proven to be of great assistance to the City investigating possible IC/IDs and being available when needed.

1. Attach a list of all permitted connections to your storm sewer system.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

III. Monitoring

Briefly describe any storm water monitoring activities that are not required by Order No. 01-182 that your municipality conducted, participated in, or received funding to conduct in the past fiscal year. These activities should correspond with the dollar amount you listed in Table 2.

IV. Assessment of Program Effectiveness

- A. Attach a summary of the effectiveness of your storm water management program. This summary should include, at a minimum, the following:
 - 1. An assessment of your agency's compliance with permit requirements, based on your responses to the questions in this form;
 - 2. Descriptions of any evaluation methods that your agency uses to determine the effectiveness of your storm water management program;
 - 3. A summary of the strengths and weaknesses of your agency's storm water management program;
 - 4. A list of specific program highlights and accomplishments;
 - 5. A description of water quality improvements or degradation in your watershed over the past fiscal year;
 - 6. Interagency coordination between cities to improve the storm water management program;
 - 7. Future plans to improve your agency's storm water management program; and
 - 8. Suggestions to improve the effectiveness of your program or the County model programs.
- B. On a scale of 1 to 10 (10 being full implementation of requirements by their deadlines), rate your municipality's level of compliance with Order No. 01-182.
- C. List any suggestions your agency has for improving program reporting and assessment.
